THAT COLLIE BOY.  
The old-fashioned daddy says up his college-bred son thusly:

"He can outdo the Latin nouns.  
Can conjugate the verbs.  
Can strike a real war army out  
Of dictionary words.  
But I want to help him.  
I just had to roar and laugh.  
When I see him take big ears of corn  
To feed a sucking pig."

IN Cincinnati a verdict has been returned setting aside the will of the late Mary Allen of Glendale. Dying at the age of 76, Mrs. Allen disposed by will of property which had come to her by devise from her late husband. The value of the property is estimated at \$30,000. It was all bequeathed to Rev. Frank Sewell of Washington, D. C., in trust for the founding of a free circulating Swedenborgian library and a Swedenborgian school in the village of Glendale. The ground of the verdict was incompetency of the testatrix at the time the will was made.

### IN DANVILLE AT HIGH NOON

The Marriage of Miss Zorayda Y. Welsh, the accomplished daughter of Mr. G. W. Welsh, Jr., of Danville, to Mr. William D. Cochran of this city was celebrated at the residence of the bride's parents at high noon Wednesday. Rev. C. B. H. Martin, D. D., of the Second Presbyterian Church, Danville, was the officiating minister.

The interior of the house was beautifully decorated for the occasion by Bell, the Lexington florist. The young people entered the parlor accompanied by Mr. James H. Cochran, twin brother of the groom, and Miss Mary Welsh, the bride's sister, and preceded by two beautiful little girls, Jane Welsh a cousin of the bride, and Hattie Cochran, a niece of the groom. During the ceremony Rocco Fero, the celebrated harpist of Cincinnati, rendered an appropriate melody from Weber.

An elegant luncheon was served after the ceremony. Mr. Cochran graduated from Center College four years ago, and afterward from the Law Department of Ann Arbor University. He is one of the most promising of the younger members of the Mason City Bar.

Mr. Proctor All Right.

Somebody—evidently a jealous party—has been circulating reports calculated to injure Hon. John R. Proctor, State Geologist. Mr. Proctor is a Mason county man, and we are glad to see that he has some staunch defenders. The official state organ has this to say:

Frankfort Capital.—Mr. Proctor states that, under the old law, in force when he took charge of the Survey, he was entitled to \$10 per day, but as a matter of fact, owing to the small appropriation for the work, he voluntarily relinquished a portion of his salary, the amount thus released during four years being \$5,600 to which he was clearly entitled, and the failure to draw which constituted a gift of that sum to the necessities of the Survey.

As for the disbursements for, and the accounts of the Survey, they are made kept not by him, but by the Auditor, and like the other accounts of all offices, they are open to the inspection of all who have a right to call for them.

### ONE MOTHER'S LOVE AND LIFE.

Mrs. Ella Bramble Sacrifices Her All for Her Three Little Ones.

A sad funeral service took place at the City Hospital, Cincinnati, over the body of Mrs. Ella Bramble, who died at that institution. The poor woman had laid down her life for her children who sat beside her bed, weeping as though their hearts would break.

Several weeks ago she took her first child to the institution suffering from a dreadful hereditary disease. She said that her husband was out of work and that they were almost destitute. Her own hard hands told her tale of woe.

She was bred a simple child of the country near Mayville, and had gone to Cincinnati shortly before her marriage. The lovely children came to bless the home, and life was made a wedding bell's chiming till disease struck down Mrs. Bramble, the mainstay of the family, and she had to go to work.

Through the neglect that was made necessary a disease broke out over one of her children, whom she took to the hospital. Then she came with another and a third, sobbing as if her heart would break. She had staid awake days and nights trying to soothe their anguish, but in vain.

Last of all came she, sanctified by her trials, and was sent to the typhoid fever ward. Though she longed for her young ones she never murmured because she was not allowed to see them, as she knew she was in the last stages of a contagious disease. Breathing a blessing upon them she quietly passed away, and the nurses, struck by her heroism, gathered round her and paid the tribute of silent tears. Midst all the hundreds of cases they have charge of this one touched them most.

To save her remains from the potter's field the United Bethel was notified of her death and the authorities promised Christian burial. However, her broken hearted father claimed the body, and it was turned over to him. He cried as if his heart would break as he recounted her numerous virtues. Her children were brought down from the wards by order of Superintendent McLean to take a last look at their parent, finally released from her long suffering. Then the remains were taken away.

Two additional misadventures were reported. Thursday night, making nine people who can not be accounted for since the fire. The last are: George E. Thatcher, mechanic, and his wife, Mrs. Thatcher, twelve years old, of Manayunk, who left home to attend the Central theater, and has failed to return since.

They proved the existence of a plan of a concerted action of May Day in most of the larger Italian cities. In each city certain anarchists have been chosen by lot to try to start several arrests have been made.

PARIS, April 29.—At Lezon, in the department of Aisne, a railway station found a package of six dynamite cartridges in the cab holding the coals. The fire under the boiler was extinguished at once, and the locomotive was withdrawn a side track.

The train to which the locomotive was attached is an express, and was carrying forty-five passengers. The cartridges were sufficient to blow the locomotive and cab to atoms, and had they been exploded, probably few of the passengers would have escaped death.

### ACTORS BURNED.

The Philadelphia Theater Fire a Holocaust.

The Play House and the Times Building Only a Smoking Shell.

Three Scores of the Spectators Lying Now in Hospital, Fatally Burned and Killed—Nine of the Company Dead Beneath the Walls.

PHILADELPHIA, April 29.—The destruction of the Grand Central theater by fire Wednesday night proves to have been far more terrible in its results than was anticipated. Six millions of the Derivatives Auction company lie dead beneath the fallen walls of the building, and nearly three score people are in the hospital, many of them in a serious condition that their recovery is doubtful. All were members of the audience who were seriously enough hurt to remain in the hospital, fully fifty others were treated for minor injuries. The unfortunate members of the company who lost their lives are:

Thos. Lorella, grotesque, and his wife Flora, a ballet dancer; Vincenzina Chilton, proper dancer, the niece of the Chiltons; Miss Fanchon Conyers, juvenile, residence Chicago; Miss Sarah Golden, ballet dancer, residence Chicago; and Miss L. B. Brown, a young member of the company, residence Philadelphia.

The injured in the hospitals who are likely to die are all suffering from burns about the face and neck, and from burning in the lungs. In addition to the serious condition of the injured, it is feared that many will lose their eyesight, as their burns are all mostly about the face. By the light of day the destruction wrought by the fire was made more apparent and the desolation of the scene was more terrible, as it was without the accompanying grandeur given by columns of flames shooting skyward.

The tall building, the ruin of the Central theater is complete, only the front wall remaining standing. The other walls have fallen in and fill the place they formerly enclosed. Directly back of the theater but a shell remains of the eight-story building occupied by the theater. The roof of the store to the east of the two burned structures and facing on Eighth street, and extending from Walnut to Sanson streets, are almost completely gutted by fire and water. Wednesday night's estimate, placing the loss at \$1,000,000, is about correct.

Two additional misadventures were reported. Thursday night, making nine people who can not be accounted for since the fire. The last are: George E. Thatcher, mechanic, and his wife, Mrs. Thatcher, twelve years old, of Manayunk, who left home to attend the Central theater, and has failed to return since.

## Taylor Beats Wyden for Secretary of State.

Spear and Burket Nominated for Supreme Judges.

Balance of state ticket nominated—McKinley, Foraker, Bushnell and Hahn Delegates—The Platform Endorses President Harrison's Policy.

CLEVELAND, O., April 29.—The republican state convention was called to order Thursday morning at 10 o'clock by Temporary Chairman, C. H. Griffin.

After prayer the convention was turned over to the permanent chairman, Gov. McKinley. He was applauded in the wings of the stage and greeted with flattering cheers. McKinley spoke in a dignified strain. He said the republicans were here to organize for victory in '02.

He lauded the national administration as one of the most magnificent in history. He mentioned the name of Harrison, who was roundly cheered, and of Blaine, at which the crowd fairly went wild. When he complimented Secretary Foster there was another great outburst of applause.

Chairman Griffin announced that the next thing in order was the report of the committee on permanent organization. Chairman Griffin then read the master lists of Newark, read the report.

The names of Gov. McKinley and John M. McKelvey were called and the report of the convention, were received with shouts of applause. Capt. Keller, of Lancaster, moved the report be adopted. It was done without a dissenting vote, and the expected fight did not take place.

Gov. McKinley closed with an eloquent appeal for the support of the republican party. The reports of the committee on credentials and rules were adopted. Gen. Grosvenor now appeared to read the report of the committee on resolutions.

## THE PLATFORM.

The republicans of Ohio join with their brethren in the states and territories of the union in affirming their adherence to the republican party and in expressing their confidence in the principles of the great administration which led the country in 1888.

We declare our unbounded confidence in President Harrison and his administration and commend his administration to the great office which he has faithfully filled. We commend him to the country as a wise, just and patriotic administrator. While caring for the people, he has not neglected the duties of his office, and he has shown himself a most able and efficient administrator.

The best exemplification of the principle of economy, carrying on the government of the country with a frugal expenditure of the money of the people, has been found in the administration of the McKinley law, and we cordially commend the administration of the McKinley law to the country.

This closed nomination, leaving three candidates to be balloted for, namely: Hon. S. M. Taylor, of Champaign; Hon. Byron S. Wyden, of Hamilton; and Hon. John J. Chester, of Franklin county.

Chairman McKinley announced the vote as follows: Whole number of votes cast, 772; necessary to choose, 387; of which Mr. Wyden received 188; Chester, 147; Taylor, 394.

The selection of a candidate for the long term in the supreme court was the question of only a few minutes. Hon. A. T. Brinsmade, of Cleveland, presented the name of Judge William Campbell, of the present chief justice, and on motion of J. P. Smith, of Lucas, the rules were suspended and the nomination of Judge Campbell was adopted by acclamation.

The following were then put in nomination for second supreme judge: McElroy, of Delaware; Pugh, of Franklin; Phillips, of Madison; Campbell, of Garrettsville; Long, of Putnam; Burket, of Hancock; Thompson, of Huron; Williams, of Huron; Stewart, of Franklin; and Smith, of Lucas.

After exceedingly anxious labor by the clerks for fifteen minutes the vote on supreme judge was announced as appended. The result was: McElroy, 44; Pugh, 23; Phillips, 43; Long, 25; Burket, 14; Williams, 11; Stewart, 43; Smith, 10; Campbell, 30.

No nomination was made and a new ballot was ordered.

Mr. Long, of Putnam, appeared and withdrew in favor of Judge Burket.

On the second ballot, Judge Campbell, of Franklin county, withdrew the name of Judge Pugh, of Franklin county.

At the close of the all Clinton county was the only county in the state to vote for Judge Campbell, of Franklin county.

At the close of the ballot counts began for Liberator, it being reported that the result would be unanimous, without announcing the vote.

McKinley, Foraker, Hahn and Bushnell, were then elected delegates to the national convention at New York.

Alternates-at-Large—Robert Nevins, E. W. Poe, J. F. Atwood, M. M. Boothman.

## Points From Commissioner Both's Annual Report.

The Adulteration of Food Is General and Steadily Increasing.

Complaints of a Lack of Support by Prosecuting Attorneys—Their Lack-Whimsies Makes It Hard to Secure Convictions in a Large Percentage of Cases.

COLUMBUS, O., April 29.—State Food and Dairy Commissioner Bethel submitted his annual report to the legislature Thursday.

His year closed the 15th of November, at which time the report of the auditor would have been prepared had not Mr. Bethel decided to await the end of his term before submitting a statement of the result of his work.

During his term of office, it will be reported, he has secured the cooperation of dairy commissioners, which has been previously appointed, became, by act or the legislature, effective.

The report covers the past eighteen months, from November 13, 1900, to May 13, 1902, when the new commissioner will take the office, and Mr. Bethel will report to his successor.

The commissioner complains that he has been seriously hampered by the lack of sufficient funds to properly prosecute his work, and says that the legislature has not been generous in its appropriations.
